## OLV NATIONAL SHRINE & BASILICA CENTENNIAL SPEAKERS SERIES

Father Matt Malone, S.J., is the president and editor in chief of America Media, a post he has held for the last 10 years. When he was appointed to the role in 2012, he became *America's* youngest editor in chief at the age of 40. He has been a driving force behind the organization's expansion into digital media. The 112-year-old magazine now publishes multiple podcasts, video reports and daily email newsletters.

In August of 2021, OLV National Shrine & Basilica celebrated 100 years since its cornerstone was laid and blessed. Over the next five years, the Centennial Celebration will honor the Shrine's first century and blaze a vibrant path for the next 100 years. The theme is *All Are Welcome* and everyone is invited to rediscover one of WNY's most revered places. Check out [olvbasilica100.org](http://olvbasilica100.org) for events and tour information.
