

GMAT and GRE Prep Courses

Overview

These preparatory courses offer a comprehensive review that focuses on strengthening test-taking skills and increasing confidence by:

- Familiarizing students with question types specific to the exam
- Teaching logical, rhetorical, and mathematical problem-solving techniques
- Teaching essential grammatical and mathematical concepts and techniques in application to real test problems
- Identifying the specific problems posed by the exam, and analyzing common test-taking errors
- Improving performance and reducing test anxiety through practice testing

Undergraduate and Graduate College Application Essay Workshop

One of the most important components of your college application is the essay. This is your opportunity to set yourself apart from the hundreds of other applicants who have comparable grades and test scores. It's also the portion of your application that admissions offices use to determine who you are as an individual and whether you would fit well within the University.

In this workshop participants will be offered comprehensive instruction in the fundamentals of a successful college admissions essay, along with an individualized look at personal goals and strengths to produce a highly effective and distinctive admissions essay.

SAT and ACT* Prep Courses

SAT/ACT Overview

Led by high-scoring, experienced instructors, this preparatory course offers a strategic-based approach to exam success. Through a comprehensive look at test structure, most effective test-taking strategies and a hands-on learning approach, students will acquire the skill and aptitude necessary to master each section of the exam.

**The ACT test preparation is offered as a shortened extension course and can be purchased in conjunction with the SAT preparatory course at a discounted rate of 15%, or on its own at the regular rate.*
