NATIONWIDE EDUCATION PROJECT

Canisius College is pleased to participate in an important national climate change education event. Sponsored by IGSOR, Campus Ministry and the Department of Religious Studies and Theology.

WHAT: A NATIONWIDE SCREENING OF THE ACADEMY AWARD-NOMINATED DOCUMENTARY *SUN COME UP*.

As we remember the Feast of St. Francis, named patron saint of those who promote ecology by Blessed Pope John Paul II, the Catholic Coalition on Climate Change is sponsoring a nationwide screening of the Academy Award-nominated documentary *Sun Come Up*. The film depicts some of the world's first "forced climate migrants," inhabitants of the Carteret Islands just north of Bougainville, Papua New Guinea. The Catholic Church has been instrumental in helping to relocate these "environmental refugees."

After the film, there will be a facilitated discussion about the film and action steps that viewers can take to respond to the unfolding climate perspective based on authentic Catholic teaching.

WHEN: October 3 at 7pm,
in conjunction with the Feast of St. Francis.

WHERE: Regis North

FOR MORE: Contact Sarah Signorino at 716-888-2424 or signoris@canisius.edu. Visit catholicclimatecovenant.org

Pope Benedict XVI: "Can we remain indifferent before the problems associated with such realities as climate change . . . Can we disregard the growing phenomenon of 'environmental refugees', people who are forced by the degradation of their natural habitat to forsake it – and often their possessions as well – in order to face the dangers and uncertainties of forced displacement?"
